

CROWFEST

GENERAL INFO

ACTIVITIES AND EVENTS

In 1995 the City of Tulare downtown streetscape project unwittingly turned the main shopping district into the preferred “hang out” for roosting crows. Unfortunately, the roosting created a health hazard with bird droppings littering the streets. 25 years of various techniques failed to relocate the crows. In analyzing these efforts one common characteristic emerged: there was a lack of consistency in application.

In 2022 the Downtown Association tried a different approach: have fun with the situation and help move the crows. “Crowfest” was born featuring a live band, contests and distribution of noise makers. The Association also distributed green laser pens to affected business and working together, “herded” the crows to a less impactful area of Downtown.

2024

This year’s event is held in the parking lot at Vali Coffee and the Downtown Dream. We’ll have a live band, beer garden and other activities for everyone as we welcome the crows back and initiate our supportive relocation program to keep our downtown healthy and clean! Come join us for some fun, frolick, dancing and kicking off the Holiday Season with the Tulare Downtown Foundation and our sponsors.
